

"Nothin' but 'Net..."

the sports metaphor

for perfection –

the goal we strive

to achieve at

Kiosk Information Systems.

Go to [www.kis-kiosk.com](http://www.kis-kiosk.com) where you'll discover just why KIS is the innovative leader in kiosk development, and find up-to-the-minute information on our products and services.

Getting Started

About KIS

Since 1993, our exclusive focus on the kiosk industry has brought over 500 applications to the marketplace. This experience and leadership brings our clients optimal results and has earned KIS a place on the Inc. 500 – one of the fastest growing companies in the U.S.

We've made a name for ourselves, and like all great players, we make the complicated seem easy. Making it easy for you to win at your game is our speciality.

"There was this instant push forward. KIS executives, designers, engineers and technicians all went to work for us. The energy, confidence and skill made us confident we'd get great results, and we did."

Amy Borg,  
Manager Brand Development  
Conoco, Inc.

When you check out the product section on our Web site, you'll find kiosks as diverse as the applications they serve. Our starting line-up includes six standard product lines, including 14 different models that can be modified to meet your specific kiosk needs and time frames. (Standard units delivered in as little as two weeks.)

Products

If your project requires a unique design, you'll be in good hands with our experienced team of industrial designers and mechanical engineers. A partial portfolio of our work is detailed on the "Custom" pages of our site. Our systems are streamlined to minimize time and cost while maintaining unsurpassed attention to detail and a quality product.

"KIS built us an elaborate custom kiosk within a three week deadline.. the impossible! They just said "yes" and made it happen..down to the smallest detail and with real creativity despite the rush."

Robin Doerr,  
Retail Marketing Communications Manager US WEST

It's not all about nuts and bolts...

Understanding your application and offering services to complete your kiosk program is our greatest asset. KIS offers kiosk installation and on-going maintenance throughout North America for worry-free operation. We provide UL, CUL, TUV, CE and FCC certifications as well. And our track record speaks for itself. If you need it to be right, on time and a proven winner, you need KIS.

Complete Service
