

The Stealth is a sleek, elegant and fully functional kiosk.

With its beveled trim and radius edges, the freestanding KT-110 kiosk fits into, and enhances any environment.

KT110 STEALTH WITH POWERCOATED BLACK OR BRUSHED ALUMINUM FINISH

The Stealth KT-110 is a fully functional kiosk with a small footprint.

Its tapered design houses a generous and easy-to-read 15 inch LCD touchscreen, stereo speakers, a wide thermal printer, credit card reader and mini PC.

STEALTH WITH OPTIONAL POLISHED EDGES

STEALTH COUNTERTOP, MODEL KT105

The Stealth KT-105 offers the same comprehensive functions in a handsome countertop design.

When space is an issue, this model provides an excellent solution.

Select the model that works best for you.

Choose a brushed aluminum or powder-coat finish.

You can also have your company's logo engraved by special order. Use the Stealth for a directory in your corporate headquarters or building lobby. The Stealth also works as an excellent e-commerce kiosk for trade show applications.

STEALTH SHOWN WITH OPTIONAL 13.3" LCD
