

Small footprint, solid design and a variety of component options make this kiosk ideal for all types of applications.

THE STUBBY SERIES KIOSK

DESIGNED TO FIT ANYWHERE!

The Stubby Series offers a wide array of platforms and configurations. This model is available in either a countertop, wall-mount or standalone version.

With a space saving footprint, solid design and multiple component options this kiosk is ideal for public internet terminals, transactional kiosks and other self-service applications. The Stubby combines a sleek profile with unparalleled durability to withstand the rigors of daily usage.

The Stubby kiosk can be configured in many ways to maximize the impact of your marketing and corporate image. Custom colors and branding options are available, and with the optional pedestal stand, this kiosk transforms into the perfect standalone unit.

This kiosk is designed to accept a wide variety of optional components from biometrics to printers, monitors to card readers. Reliable and tested components.

All of our Stubby Series kiosks come standard with a Celeron or P4 computer, dual amplified speakers, and a 15" LCD display. Plus, with the ability to add a cash acceptor, insert or swipe card reader, barcode scanner, thermal printer, touch screen, rugged keyboard with trackball, etc. You can truly create a kiosk that meets your needs.

See reverse for a detailed list of Stubby Series models, specifications and dimensions.
